Webinar: Responding to Substance Use Trend

Thursday, Feb. 20

Join Michigan Primary Care Association as they host, "*Responding to Substance Use Trends* webinar." This webinar will explore symptoms, signs and risks of trending substances that are becoming more prevalent.

There is no cost, but advanced registration is required.

For more information and to register for this webinar, [click here](#).

Resource: Opioid Overdose Prevention Toolkit

The Substance Abuse and Mental Health Services Administration has developed an opioid overdose prevention toolkit. This toolkit offers strategies to health care providers, communities, and local governments for developing practices and policies to help prevent opioid-related overdoses and deaths. The toolkit is available for download.

For more information and to access the toolkit, [click here](#).

Event: 80th Anniversary of the Food and Nutrition Board (FNB): Advancing Nutrition and Food Science

Friday, Feb. 28

National Academies of Science, Engineering, and Medicine is sponsoring, "*The 80th Anniversary of the Food and Nutrition Board* event on Friday, February 28."

Established in 1940, the Food and Nutrition Board studies issues of national and global importance on the safety and adequacy of the U.S. food supply and establishes principles and guidelines for good nutrition.

In recognition of 80 years of advising the nation on issues of food and nutrition policy, FNB will host a symposium.
